CORE BUSINESS	Facilitation of healthy, caring communities

VISION STATEMENT	People believing in themselves, working together to create healthy and caring communities.
MISSION STATEMENT	We work with people and organisations in Makana to build physical, mental and social health and to inspire hope.
DEVELOPMENT PHILOSOPHY	<p>We believe sustainable development comes from within.</p> <p>Our processes are rooted within an Asset Based Community Development paradigm.</p> <p>We walk with our learning partners, at their own pace, defined by their momentum of change.</p> <p>Our values guide our practice: Integrity and honesty; Respect and caring; Discipline and good work ethic; Courage; Humility; Loyalty; Lifelong learning.</p> <p>We understand that "to go far, we go together".</p>
VALUES	
OBJECTIVES	<ol style="list-style-type: none"> 1. HIV Counselling and Testing and Follow-Up Overall Programme Goals: <ol style="list-style-type: none"> i. <u>HCT for high risk</u>: To contribute to the 90-90-90 targets by using our expertise to make HCT accessible to at risk and previously neglected population groups, including people living in remote areas and for people who avoid HCT-services at clinics. ii. <u>Health screening</u>: To providing a health check-up package alongside HCT (TB and SDI screening, blood sugar level pre-screen and basic visual health testing) to high risk and previously neglected population groups. iii. <u>Adherence and treatment support</u>: To support that 90 percent of people who test positive for HIV achieve a health state where the HI virus is suppressed (undetectable). 2. Asset Based Community Development (ABCD) Overall Programme Goals: <ol style="list-style-type: none"> i. <u>Training</u>: To "ignite" a paradigm shift from

	<p>needs-based to asset-based thinking by providing ABCD training workshops.</p> <p>ii. <u>Forum</u>: To strengthen the ABCD paradigm and build communities from the inside out through ABCD Forums and SaveAct Groups.</p> <p>iii. <u>Households</u>: To unblock ABCD processes and practices and to foster wellness in geographically specified households by initiation and facilitating projects which promote resilience, purposefulness and community building.</p>
